

Polyvinyl Chloride (PVC) Plant [QOG237]

In Brief

Address	Mesaieed, Qatar
Industry	Oil & Gas, Petrochemical
Project Status	Construction
Completion Percentage	16 %
Project Value (USD Million)	239 (Act.)
Client Type	Government

Location

Dates

Contractor Appointed	Apr 2022
Construction Start	Oct 2022
Completion	Jul 2025
Project Add Date	2020-07-29
Last Update	2023-03-13

Scope

Project calls for the construction of a Polyvinyl Chloride Plant with 350,000 tonnes per annum capacity. The scope of work entails construction of chlorination unit, electrolysis unit, ethylene dichloride purification unit, stripping unit, storage tank, warehouses, and associated works. The new plant will be integrated with the existing QVC facilities, located at Mesaieed Industrial City, and will source feedstock (vinyl chloride monomer or VCM) from the existing facilities.

Timeline

Mar 2023	Project is in progress and is expected to be completed by mid 2025.
Oct 2022	Industries Qatar (IQ) will be funding the construction of new Polyvinyl Chloride Plant.
Apr 2022	The EPC Contract has been awarded to China Chengda Engineering Co in April 2022. Project is scheduled to complete by mid 2025. The contract is estimated to be worth USD239 million. China Chengda Engineering Co is likely to sub contract the civil works.
Feb 2022	As per industry sources, EPC Contractor has not been appointed yet.

Dec 2021	EPC Contractor has not been appointed yet.
Aug 2021	As per industry sources, the commercial bid closing date has been extended further.
Jul 2021	Commercial bids are now expected to be submitted in Aug' 2021 for the EPC Contract. Technical bids have been submitted in June 2021 for the EPC contract. The bidders are understood to be Hyundai Engineering & Construction, Samsung Engineering JV CCC, Maire Tecnimont, CTCI Corporation, Tecnicas Reunidas, Wison Engineering, and China Chengda Engineering Co.
Apr 2021	Commercial bid submission date for the EPC Contract has been extended further. Bids are expected to be submitted in the 2nd quarter of 2021.
Mar 2021	Commercial bid submission date is extended to 31st March 2021 for the EPC Contract.
Dec 2020	Bidding is still underway for the EPC Contract. Potential bidders are understood to be Hyundai Engineering & Construction, Samsung Engineering, Maire Tecnimont, CTCI Corporation, Tecnicas Reunidas, and Wison Engineering.
Jul 2020	Bid closing date has been extended for the EPC contract. Bids are expected to be submitted in the 3rd quarter of 2020.
May 2020	Tender for the EPC contract has been issued in May 2020.
